

If your idea of a holiday resort is a secluded island atmosphere, Albergo San Montano meets your needs. It seems to hang suspended between sky and sea and the breathtaking sea view nearly overwhelms the senses.

The air is full of wild fragrances from the numerous varieties of aromatic and exotic plants enticing the senses with their smells and shapes. Beautiful shades dominate the landscape: the sea is as blue as the sky above on a clear day against which the lush green park and gently-rolling hills stand out.
