

Make sure that you are wide awake, because once you reach us, you will think that you are dreaming.

A sunny, golden dream, sea-scented, a sky-blue dream, a Mediterranean dream. And the sentinels of your enchantment will literally prove to be historical passages: the Aragonese Castle, the Guevara Tower, the Cartaromana baths, the Sant'Anna rocks. Ischia's delights are all to be found here, at the Hotel Delfini.
